

# Funding with Credit, Debit, or Wallet on the Mobile App

## How to Add Funds to Your TCS Card Using Credit, Debit, or Wallet on the Mobile App

**1** Log in to the TCS Mobile App.

**2** Open the **More** menu and select **Credit, Debit & Wallet**.

*If you don't see this feature, please contact Client Services at 844-827-7696.*

**3** On the **Add Funds** screen, enter the amount you want to add (minimum \$50, maximum \$50,000) and click **Continue**.

**4** Review the details on the **Payment Summary** screen to ensure everything is correct, then click **Continue to Payment**.

Select a payment method to complete your payment:

- **Apple Pay:** Tap **Apple Pay**, select your card, then follow the prompts to complete your payment.
- **Google Pay:** Tap **Google Pay**, select your card, then follow the prompts to complete your payment.
- **Credit/Debit Card:** Enter your card details manually or use the **Scan Card** feature to autofill the information, then tap **Pay** to complete your payment.
- **Link:** Tap **Pay with Link**, enter the email linked to your Link account, verify the one-time code sent by text, and click **Pay** to complete the payment. To create a Link account, enter your card details, check the box to save your info, provide your phone number and email address, and complete the payment.

Once your payment is complete, a **Payment Successful** screen will appear confirming that your funds are being added. Please allow up to 5 minutes for the funds to post to your account.
